

NEWLY HIRED MANAGER OR EXECUTIVE

How well have YOU set yourself up for success right out of the gate?

1.- What are your key deliverables or factors for success in both the short and long terms?

2.- How clear and aligned are you and your boss around those deliverables?

3.- When was the last time you and your boss talked about them?

4.- What resources will you need to be successful?

5.- How well have you negotiated those resources?

6.- Who are your key constituents and what relationships need tending/cultivating
(i.e. senior partners or shareholders, clients, peers, direct reports, management team, etc.)

7.- What obstacles (and who) have you already identified that you need to watch out for?
